

Attention All Parents!

Nutrition News you can use!!

Our goal in DCSD Nutrition Services is to serve great food to your great kids! We have a program your children may know as “Seconds”....If your child wants an additional entrée and they have available funds in their account; they may pay the additional price of \$1.50 for a second entrée serving and \$.35 for milk. We have found that some parents do not desire to have their child participate in “Seconds” for either health or financial reasons. We are sensitive to your input and needs in regards to your child, therefore, we have the following policy regarding “Seconds”:

- A child may request/purchase a second entrée only with parental permission. As parental permission is given, Nutrition Services will input that information into the Cafeteria Cash Register. When the child comes through the line the cashier will okay or decline a second entrée based on your permission and account balance availability.

Please complete the form below if seconds will be permitted for your child; turn the form in to your school's kitchen manager. *Until we receive your permission, we will decline a “Second” entrée for your child.*

GREAT NEWS!!! Whether you decline or permit a second entrée for your child, we ALWAYS have fresh fruits and veggies available daily with entrée purchase.

“Second” Entrée Permission Form

YES, I permit my child _____ to purchase a second entrée

at \$1.50/serving when he/she requests. **His/her student number is** _____.
